

HDCS Board of Education Goals 2021-2022

Improve Student Achievement by Fostering a Climate of Academic Excellence

Support the school and community in efforts to improve the social emotional well-being of all students.

Support the school and community through programs in effort to build character strengths including perseverance, responsibility and good citizenship.

Provide custom learning experiences which promote the application of knowledge and creativity and problem solving abilities for all students preparing them to be college and career ready.

Maximizing Quality and Value

Responsibly maintain and improve the facilities and grounds to ensure the safety and well-being of students, staff and community.

Provide support to programs and initiatives made available through federal funds.

Provide meaningful training for staff all year long.

Provide the structure and environment for students, parents, community members and staff to work together to achieve the goals of the district. Goals are based on Target District recommendations.

School Safety

Provide structure and resources to continue to improve school safety for all staff and students.

Routinely evaluate and reassess the recommendations and requirements set forth from Public Health on student and staff safety.
